## Matrikon

### Your Enterprise OT Data Foundation.

#### Who We Are

- 25+ years of proven OT data leadership
- Trusted by 20,000+ clients
- Embedded in 270,000+ global deployments

#### What We Do

Streamline operational data into a single source of truth, helping our clients:

- Eliminate OT and IT data silos
- Align day-to-day operations with strategic vision
- Multiply organizational value

#### Why It Matters

OT Data is your most underused strategic asset.

End-to-end **operational visibility** provides the **connectivity and context** organizations need to make **faster, smarter decisions** and **future-proof** their business models with confidence.

# Enterprise Progress Starts With OT Data You Can Trust.

Matrikon For Enterprises

# Plug in. Stand Out.

Matrikon For OEMs

## Matrikon

Turns OT data into a single, trusted source of truth so leaders, teams, and apps move faster together.

### The Why

**Confident Leadership**

Better decisions made faster with better information.

**IT & OT Convergence**

A unified OT data source for all teams.

**Modernization**

Adopt new tech and evolve existing systems for maximum ROI.

**Sustainability**

Prove compliance, hit ESG goals, and cut waste with live, auditable OT data.

Solutions purpose-built to cut engineering time, cost, and complexity while building customer value.

- Faster to Market
- Lower Tech Debt
- Scalable Across Sites
- Customer-Ready From Day One

### The Products

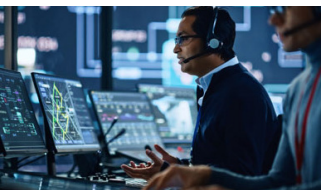

**Matrikon Data Broker OEM**

Seamless OT data access with secure, outbound initiated delivery

**Matrikon Flex SDK**

Comprehensive OPC UA stack with a clean API for faster dev cycles

**Matrikon eFlex SDK**

Compact OPC UA for real-time and embedded systems

**Adaptors**

Bridge modern and legacy systems without rewriting code

### The How

Matrikon Data Broker (MDB) – one platform, six solution dimensions that drive OT data transformation.

**Advanced Security**

**High-Availability and Reliability**

**Seamless & Open Connectivity**

**Cloud & Enterprise Integration**

**Data Contextualization**

**Lifecycle Management & Governance**
